

CAPABILITY STATEMENT

Website: www.soaring2success.org

Established in September 2019 as a 501 (c) 3 Non-Profit Corporation in Tennessee, Soaring to Success, Inc. (S2S) has been a member of the Academy of Model Aeronautics (AMA) since 2019. All drone pilots are certified by the FAA Part 107.

With our mission focusing on drone technology, S2S accelerates the alignment and transformation of the American workforce through small and startup businesses to ensure access to economic advancement for all.

Core Competencies: S2S provides

- online drone knowledge training,
- drone applications consulting
- drone flight training services

for small and startup businesses. S2S aims to train talents for the modern drone innovations and applications. These businesses potentially contract with the federal government to provide drone services in the following sectors -

- (1) preventive and general maintenance in advance manufacturing,
- (2) aerial photography, mapping, surveying, search and rescue
- (3) precision agriculture
- (4) large map printing

About the Founder: Cedric Divine, Chairman, is a Vietnam War Era Veteran. A FAA Certified Remote Pilot since 2016, he is Service-related Disabled Veteran Owned Small Business (SDVOSB) certified. Mr. Divine has been actively involved in the drone industry since 2010, with expertise in drone equipment, software, and extensive knowledge of various types of drones used to complete specific projects. Since 2015 he has been a Certified Farm Service Agency (FSA) Farmer. Mr. Divine has over 40 years as an electronics technician.

Differentiators: S2S pilot training includes curriculum for FAA Part 107 Remote Pilot certification with online instructor assistance. S2S provides businesses with -

- (1) drone applications assessment,
- (2) training to become a pilot when applicable, and
- (3) knowledge of drone equipment.

Uniquely positioned as a non-profit, S2S streamlines and effectively delivers services in collaboration with -

- talent agencies,
- businesses,
- government, and
- other non-profits.
